FUGU 29 Continued.....

Summary

One of the fastest and most exciting RIB's available. The revolutionary Petestep hull simply makes this the smoothest driest riding boat you can buy. For a 9m boat she slices through 1-1.5m waves in silence as though your eyes are deceiving you. This as new example is the first in France and is a class act. The engine gives adequate performance and yet it is safe to allow all the family to enjoy.

Principal Features

Full electronics Pack
Bulldock Ullman seat option
Removable Tubes (auto-inflate)

Mercury V8 cylinder Petrol - 350hp
Console with double bed
Flexiteek decks

Construction

Hull: GRP - Sandwich construction with high density Diviny core material, two stepped decompressing 22 degree hull shape. Black Carbon effect tubes which are removable (7 chambers). Antifouling, white on hull.

Deck: Flexiteek deck

Bathing Platform: Flexiteek Teak

Exterior Colours: White console, deck. White hull – Carbon Grey (almost black) upholstery.
